PROFESSIONAL NOTES / MANUAL HIGHLIGHTS

Highlights or bottlenecks

Delivery moved near final completion, with improved throughput after review ownership was clarified.

Project management next steps

Escalate delayed vendor handoffs and protect the remaining delivery dates through daily blocker review.

SYSTEM-DETECTED HIGHLIGHTS

- Project completion is near final delivery.
- Execution efficiency improved compared with the previous period.

RISKS

- Blocked tasks require escalation to avoid schedule impact.
- Timeline status indicates possible delivery risk.

RECOMMENDATIONS / NEXT STEPS

- Focus next steps on clearing bottlenecks and protecting delivery dates.
